TRAVERTINE**

UNIQUE TRAVERTINE

Unique Travertine

Unique Travertine, boundless architectural potential.

Unique Travertine is an anthem to the tactile beauty of travertine stone. It is a lovely, versatile collection that reinterprets a classical material from a fresh, highly contemporary viewpoint: a complete project, with additional inspiration from the different ways travertine can be shaped.

The very varied range runs from the most natural options, such as Vein Cut, with the familiar lengthwise vein pattern created by cutting in the vein direction, Minimal, inspired by the way the underside of the travertine slab is shaped, through to more unusual versions, such as Ruled, with its many three-dimensional grooves and ruts, and Ancient, with a sophisticated timeworn effect ideal for period renovations and projects with a vintage mood.

**UNIQUE
TRAVERTINE**

HIGH-PERFORMING GOOD LOOKS

Unique Travertine 20mm delivers the ideal combination of exquisite appearance and outstanding technical performances in the most widely varying outdoor locations. Paths, pavements and other outdoor solutions that merge perfectly into the surrounding environment and seamlessly continue indoor design schemes can be created with a material offering exceptional resistance to loads, weather and other atmospheric factors. Easily installed dry on grass, sand and gravel, **Unique Travertine 20mm** can also be glued to concrete screeds for vehicle-resistant pavings, or for other projects in commercial or public contexts with heavy traffic, and is perfect for raised floors. **Unique Travertine 20mm** enables stylish design solutions while meeting all the technical demands of contemporary architecture.
