MAGNETICA
MAGNETIC ELEGANCE

The magnetic elegance exercised by the Goddess of Earth, Gea primordial goddess of Greek mythology, combines with the Brand's unmistakable stylistic matrix.

The natural style is back in its most balanced, discreet spirit, to create welcoming rooms. LaFaenza fully grasps this stylistic input, combining the temperance of natural materials with a delicate, elegant ceramic solution in a single collection.

A unique concept made up of three firm guidelines: maximum realism and adherence with the typical graphic signs of stone; outlined minimalism, to bring a softer connotation to the surface; a chromatic palette that is deliberately warm and welcoming, designed around beige and grey colours. A dialogue of on-going research that finds a new ceramic proposal in Gea with a sophisticated rustic feature.
